

Welding Modules I

School: SoCal ROC

Course ID: 523

Availability: Call 310-224-4200

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Short Description

For the student interested in entering an exciting field with outstanding employment opportunities, or who wants to improve his/her current welding skill level.

Description

In this course, students learn all safety regulations and precautions in the welding environment. They also complete the skills of OXY-Acetylene cutting and ARC Welding 6010. They then begin instruction in ARC Welding 7018. Purchase of apparel and materials is required for adults, but is optional for high school students (approximately \$150). Completion of Welding I, II, III, IV prepares the student for the 3G & 4G Structural Certification Exam.
