Short Description

Introduction to Emergency Medical Services

Description

Accelerate Your Future at SoCal ROC!

Our EMFR course is a great introduction to the medical field and provides an avenue for high school students to earn their EMT certification while still in high school!

This course offers an overview of what it is like to be first on the scene providing efficient and immediate care to ill and/or injured victims and to assist other emergency medical services providers. The emergency response training includes instruction in CPR, First Aid, an overview of the Emergency Medical Services System, anatomy and physiology, triage and post-emergency care duties, legal and ethical issues, communication skills, and stress management.

Learn Valuable Industry Skills!

1. Introduction to the Emergency Medical Service Operations and the role and responsibility of a First Responder
2. Practices scene safety and the emotional aspects of Emergency Medical Care
3. Topographic anatomy and functions of the body systems
4. Lifting and moving patients

5. Airway care and rescue breathing
6. CPR
7. Patient Assessment
8. Recognize and treat general and specific medical conditions
9. Behavioral emergencies-crisis intervention
10. Adapatability to special patients and considerations: elderly, hearing and visually impaired, non-english speaking, developmentally disabled, and disruptive behavior
11. Pediatric emergencies and childbirth
12. Injuries to muscles and bones
13. Bleeding, shock, and soft-tissue injuries
14. Crisis Intervention

High School Info

Benefits of CTE

After completing courses in CTE, you will have a clearer vision of your future career path and what the next steps will be. Career Technical Education allows high school students to see what options are out there and see first-hand what careers they enjoy and thrive in. Whether you decide to enter the workforce, pursue a trade or apprenticeship, or apply to college, CTE adds to the traditional high school experience and is designed to prepare you for the next stage in your life.

Earn High School Credit!

You can earn 5 elective credits and satisfy CSU/UC Admissions Requirements » G - College Preparatory Elective (upon completion of this course and our EMT course)
