

# INTRO TO YOUR DSLR CAMERA

3 HOURS; \$75

FRIDAY, 12/3/21 9AM - 12PM

Learn how to use their DSLR camera's basic features to take high-quality photographs. Learn the differences between lenses, types of memory cards to use, formats to use for shooting photographs, manual mode, and kelvin temperature settings.

Students will discuss 20 types of photography. Students will need to bring their DSLR cameras with charged batteries and their own memory card.
